MAGNIFICENT BUILDINGS of Torrance Tapestry Brick

The Y. W. C. A. building in Long Beach is being pointed to with pride in that city as one of the most beautiful structures of its kind in the Southland. Torrance SHIRVAN TAPESTRY FACE BRICK was used in the construction of this edifice. The Torrance Brick Company is also able to boast of having furnished the brick of many recently constructed hotels and apartment buildings in Los Angeles and several now under construction.

Torrance Needs Recreation Center

(Continued from Page One) All automobiles from the streets. Let them insist that work is the only thing that does a child or an adult any good.

And let the people of Torrance remember the facts: This city is no better—not one bit better—than the completeness of the living advantages it offers to young and old.

This city is engaged in a competitive struggle to land new industries—competition in which other communities are offering every sort of attractive inducement—and a beautiful and well equipped municipal recreation center will help Torrance.

A two-thirds vote is required to carry the proposal. The election is on Tuesday, May 16.

The Herald believes that the people of Torrance will approve this playground bond issue. Vote Yes.

Torrance Boys Sweep Field at Track Meet

(Continued from Page 1) everything he was in. He came down the track toward the bleachers like a streak of lightning. Stanley is a junior.

Cecil Justice, from one of the higher grades, was also a favorite. His running was splendid and he gave Torrance first honors in the special standing broad jump.

The most exciting events were the relay races. Although in nearly every race the Torrance boys had the outside of the track and were forced to take wide turns, they came in first in all but a couple of races, and in those they were second.

They Made Noise When the results were megaphoned across the track to the bleachers silence reigned, until the announcer turned his megaphone toward the Torrance section. "Nuf sed." Some ears are ringing yet. All seventy-seven boys will receive beautiful certificates lettered in silver to help reduce the temperature and ease the pain in those blistered arms and shoulders. To William Bell Jr., principal of the school, and Miss Edith Lay, athletics teacher, goes the credit for their perfect training and management, a result of their undivided interest.

A complete list of the winners will be published as soon as it is received by the school.

Get Tickets Here For Address of Evangeline Booth

Commander Evangeline Booth, head of the forces of the Salvation Army in the United States, accompanied by Commissioner H. W. Mapp, international representative from London, England, and Commissioner S. Gifford from San Francisco, will be in Los Angeles from May 29 to 31.

An extensive program is being arranged for the commander during her visit to the city, including the dedication of the splendid new Woman's Hospital and Service Center, and a luncheon given by a group of prominent business men. Two public services will be held on Sunday, May 31. Commissioner Mapp will conduct a special meeting at the Salvation Army Central Auditorium at 832 West Ninth Street on Sunday morning.

In the afternoon at the Philharmonic Auditorium the commander will give her lecture, "The World's Greatest Romance." Because of the great crowds always attending the meetings of Miss Booth, it has been considered advisable to issue tickets for the benefit of out-of-town persons who wish to hear her, that they may not be turned away. These tickets can be secured by the local officer, Envoy Grace, at 1324 Sartori Avenue, and all who are desirous of hearing Commander Booth should make immediate application for the tickets, either by calling at the above address, sending a postal card, or phoning 174. There is no charge for the tickets.

OBSERVATIONS

defended themselves by moving toward Berlin.

There followed weeks of vain attempts on the part of the enemy to dislodge this new foe, but every time the Germans attacked they not only failed to gain but lost some ground themselves.

So there was written the everlasting history of Belleau Woods and Vaux—opening as if by a trick of fate on a great American holiday and followed in the middle of July with the American counter-offensive of Soissons. The start of that march on May 30 was the turning point of the war.

Could anyone write the story of those Chateau-Thierry days as he saw them, could he picture to you in words the true spirit of those American soldiers, the courage of the wounded, could he bring to you in all its horror and splendor, all its terror and glory, the true vision of those days—you would attend services on Memorial Day.
